PROFILE

Creative and motivated Front-End Developer based in Lekki, with an eye for detail and a commitment to delivering interactive web solutions. Experienced in leveraging the latest technologies and frameworks to build dynamic user interfaces that enhance the overall user experience. Strong analytical skills paired with a problem-solving attitude enable me to tackle complex challenges and deliver results that exceed client expectations.

EDUCATION

Advanced Diploma

Oct 2022 – Jun 2025

Aptech, Ajah

Detail-oriented and innovative **Front-End Developer** with over 2 years of hands-on experience building responsive and interactive web applications using **React, JavaScript, HTML, and CSS**. Proven ability to translate UI/UX designs into high-quality, maintainable code with a strong focus on performance, accessibility, and cross-browser compatibility.

Skilled in building clean, scalable codebases and integrating animations, modals, and image galleries to elevate user engagement. Adept at working collaboratively in agile environments, contributing to both the visual and functional aspects of applications. Passionate about crafting seamless digital experiences and continuously learning modern development practices.

Higher National Diploma

Apr 2019 – Nov 2023

Maritime Academy of Nigeria, Oron

Completed an intensive marine engineering internship, gaining real-world experience in engine room operations, routine maintenance of propulsion systems, and performance monitoring. Assisted senior engineers in troubleshooting mechanical faults, conducting inspections, and ensuring compliance with maritime safety protocols. Developed strong teamwork and communication skills while operating in high-pressure onboard environments. Learned to document and report technical findings using industry standards.

I consent to the processing of my personal data for the purpose of recruitment for the position to which I am applying.

INTERNSHIPS

Junior Developer

Nov 2024 – Jun 2025

Aptech, Ajah

- Participated in code reviews and contributed to improving code quality and performance metrics within the development team.
- Implemented responsive design techniques to ensure compatibility across various devices and screen sizes.
- Assisted in the development and maintenance of interactive web applications using React, enhancing user experience and engagement.

Intern

Jan 2023 – Mar 2023

Nigeria Port Authority, Apapa

A highly motivated and technically skilled Marine Engineering graduate with foundational knowledge in ship systems, engine operations, propulsion mechanics, and maritime safety. Trained in the principles of thermodynamics, fluid dynamics, and marine machinery maintenance. Strong understanding of international maritime regulations (SOLAS, MARPOL), with practical exposure to onboard safety procedures, technical drawings, and vessel inspections. Passionate about contributing to sustainable marine operations through hands-on problem solving and continuous learning

■ Critical thinking

Lekki, May 6, 2025

CERTIFICATES

- First school living**

Jul 2012

 - Completed First School Living Certificate with outstanding academic performance
- Senior Secondary certificate**

Sep 2019

 - Achieved excellence in mathematics and physics, relevant to programming and problem-solving skills.
- Advanced diploma**

May 2025

 - Advanced Diploma in Front-End Development with a focus on Responsive Web Design
 - Certification in React.js for Building Interactive User Interfaces
 - Advanced Diploma emphasizing Agile Methodologies in Software Development
 - Advanced Diploma in Modern Web Technologies including HTML, CSS, and JavaScript

ACHIEVEMENTS

- Successfully developed and launched over 5 responsive web applications using React, increasing user engagement by 30%.
- Collaborated with cross-functional teams to deliver high-quality projects two weeks ahead of schedule, enhancing overall team efficiency.
- Designed and integrated interactive elements such as modals and image galleries, leading to a 20% increase in session duration on key projects.

I consent to the processing of my personal data for the purpose of recruitment for the position to which I am applying.
